
Fast Draw Basketball Crack Back

fast draw basketball play video. Category:Basketball terminology Category:HoopsQ: How do I move an image inside an object using HTML and CSS I've had a look at a few similar posts but none of the answers are working. I have an image that I want to move when I hover over it. I am also creating a gallery out of it. The image moves and when you hover over it, a thumbnail of the image pops up. The CSS for the object. .user { background-color: #f0f0f0; width: 250px; height: 500px; margin-left: 50px; margin-top: 100px; position: relative; overflow: hidden; } .user img { width: 250px; height: 500px; } .photo { position: absolute; bottom: 0px; left: 50%; margin-left: -75px; width: 200px; height: 200px; border-radius: 50%; border: 3px solid white; } The jQuery I used for the thumb. jQuery(document).ready(function(\$){ \$('#user').on('mouseenter', function(){ \$('#photo').css('display', 'block'); }) \$('#user').on('mouseleave', function(){ \$('#photo').css('display', 'none'); }) \$('#user').on('
