KEYMACRO is a voice changing tool with more than 60 preset voice packages. So, it's not only a mobile app, but a powerful Windows macro tool to automate your voice changes. Main features: 1. Easily change your voice in all Windows programs with KEYMACRO. 2. Create macro packages for any voice package. 3. Execute Voice Packs as a Windows program. 4. Key-click to change voices instantly. 5. Changes voices while speaking. 6. Emoji character support. 7. High quality sound. 8. Very easy to use and download. Keymacro system requirements: 1. Windows 7+ 2. Android 4.4+ 3. Root your device 4. Install SD card 5. Import voice package as a use macro This app is available for both Android and iOS devices. However, the app is intended for use on the OSes. So, those who use iOS as their primary OS should not use it as it is an Android only app. So, if you have a Samsung Galaxy or any other device, you will need to use the Android version of the app. Otherwise, the app is not available for download on the iOS version of the OS. Keymacro for Windows If you're looking for an Android-only app, you'll need to check out Keymacro for Windows. This app will allow you to create and execute macros for any voice package. So, you will be able to create macros for the same voice pack you used on Android. Just download this app, and you will be able to change the voice of whatever apps you use. So, you can even make Macros for apps like Discord, Skype, and WhatsApp. Keymacro description This app will allow you to create and execute macros for any voice package. So, you will be able to create macros for the same voice pack you used on Android. Just download this app, and you will be able to change the voice of whatever apps you use. So, you can even make Macros for apps like Discord, Skype, and WhatsApp. An easy way to change your voice in Windows Voice packs are ready to be used with this app, as are text macros. So, all you need is to simply import the voice package and create a macro that will be run for that voice package. It's that easy. This is one of those apps that you'll use once, but 1d6a3396d6
