AutoCAD Crack+ Activation Code With Keygen [Win/Mac]

In 2001, Autodesk launched a combined mobile phone app, which allowed users to conduct mobile CAD. The following year, Autodesk released an embedded mobile device, which could perform CAD tasks. In 2008, Autodesk added a web platform, allowing users to access AutoCAD Crack For Windows wirelessly. AutoCAD Crack Keygen 360 is a web application that allows users to view, edit and manage drawings. Ad It was intended to be a direct competitor to the popular PostScript vector drawing programs, including Adobe Illustrator and FreeHand. Autodesk's first commercial CAD application was also a competitor to Photoshop, CorelDraw and other raster graphics programs. Initially, AutoCAD was sold mainly to the professional architectural, engineering and

construction communities. The first product, AutoCAD for Windows, was released for general public in 1984. AutoCAD is one of the most common CAD programs used for interior design, architecture and mechanical and electrical engineering. It offers many advanced features, such as 3D modeling, parametric features, spline curves, reverse engineering, assembly and many others. In addition, Autodesk introduced AutoCAD's first user-friendly cross-platform interface in 1988, which can now be used on Windows, Macintosh and Unix systems. There are three versions of AutoCAD: AutoCAD LT, AutoCAD LT Professional and AutoCAD Architecture. The latter is a computer-aided design (CAD) program used to design structures for buildings, bridges and other objects. The original product was developed for AutoCAD LT, but the latest versions of AutoCAD Architecture can now be used for AutoCAD LT and AutoCAD LT Professional. The various editions of AutoCAD are not compatible with each other, although there are some limited cross-platform interoperability modes. Related wiseGEEK Articles Discuss this Article

AutoCADWebPoststerPost 4 @postkid I like the drawing package on the Mac. It's easier to use than the Windows version. It's called MacDraft, and it's pretty handy. I like that I can just open it and start drawing. Postkid @postkid It has some similarities to the Windows version. I just like using my Mac more because it's much faster than the Windows version, and it's also cheaper. Post your comments Please enter the code: Login Register Make changes/
