overthrow the demon queen - 1 Captured the Demon Queen. Discontinued after only a few games of play. Only 32 levels, with the bosses having a total of eight levels. When you finish the game you have to choose between: How do I start a free... The end is the first one you see. If you get the opportunity, you can eliminate the demonic clown. The one you've given up on right away is the second. Spoilers: The third one has the noseband. The little girl in green... The second one is difficult, but doable with persistence. The third time is easy, just use the magic sword. The other two can be tricky depending on the luck you get, but you'll make it eventually if you do the boss at... The seventh challenge is

the tricky one. After that you're good. The ninth challenge is long, but doable if you do the boss at the appropriate time. I think of the two last bosses as the only ones that can be difficult if you are a beginner. The other nine levels are either easy, or you can get lucky and figure out the correct moves in order to avoid entering the required... The boss in the "normal" ending is very easy if you get a perfect move for getting out of the cell. You must have figured that out by now. The "loot" ending boss is more challenging, but still fairly easy. As long as you don't screw up the spell, you're good. If you have issues with the spell thing. You can get rid of the shields easily enough and you have to try to defeat the boss with sword attacks at the appropriate time.

There are several spells, and each spell is dependant on how you play. The more spells you use, the more the difficulty will increase, but in the last boss you only need two spells to clear the thing. One is a life-saver. The other is to ensure you don't die immediately. There are two spells, and both of them are utilized properly, which means it's deadly when you don't get them. If you use them wrong, you can easily die during the boss fight, and that's really the only way the other one will work.
