Error and it corrupts my computer and puts my hard disk to the trash. I did not know this virus was inside a ZIP archive. Date published: 2018-11-19 Rated 2 out of 5 by Anonymous from You may not be infected but the tool you are using is a scam. It must have taken them a long time to perfect this tool. To me, it is a piece of garbage. Date published: 2017-11-20 Rated 5 out of 5 by Anonymous from I use VirSCAN every day! It is my first choice to check my system for viruses. I think it is easy to use and quick to do a scan. I do have some reservations about the number of false positives VirSCAN reports but I have come to accept that they are just part of the process. You can't be too careful. I try to keep up with the latest updates as they become available. Date published: 2017-11-14 Rated 5 out of 5 by Anonymous from Ever since i got my laptop, i use Virscan. Date published: 2017-11-12 Rated 5 out of 5 by Anonymous from Very user friendly. You can take a look on the report at that time.
